

**GUEST SPEAKER  
DR DENNIS OLIVER**

Dr Dennis Oliver is our January guest, speaking on behalf of Glaucoma NZ

Dennis Oliver qualified as an Optometrist from Auckland University in 1974 and joined in practice with Raymond Hawkins in that year. In 1976 he went the U.K. and practised Optometry for two years. Some of that time was spent as a contact lens practitioner in a busy contact lens practice in the Strand, London. On his return to New Zealand he joined the Practice of Hawkins Optometrists, as a partner, in 1979. He is married and has three adult daughters. At the end of Dennis' presentation, there will be plenty of time for questions, so please come prepared.

**CLUB SPEAKER : MAUREEN JANSEN**

Maureen has undertaken a new commitment, joining a cancer support network where she will organise monthly meetings at Domain Lodge and act as patient representative in an Auckland/Northland review of services.
